

## Speaker - Author - Race Car Driver

Your co-pilot to help you drive through those challenges, build your confidence and take control by tapping into your passion, power & potential.

Leslie Jackson runs a speaking business and is known for goal setting and driving change in the manufacturing and health care industries. On stage and in her book, "Change Course", she shares her struggles with her rare skin disease and how she has driven past adversity, succeeded in business, and her personal life, after a few bumps and bruises. As a result of her work, clients say they feel more confident, more motivated, more prepared, and more successful at work and in life.

- Professionally racing cars on a WISSOTA dirt track, 7 years.

## Speaking Topics

### **Embracing Change:**

Leslie will guide you in changing lanes, shifting gears, and getting in position to win. She'll give you tools so you can navigate through transitions with confidence using her signature R.A.C.E. strategy.

### **Lady Racing:**

Lessons learned from behind the wheel. Leslie shares what it's like for a lady to race a car on a dirt track and win 1st place. Life is full of situations where you may be the "odd man out", but if you want to thrive and survive you need to buckle up, dig deep into your potential, and put the pedal to the metal.

### **Goal Setting:**

Learn how to develop your goals for today and beyond. Leave with information, inspiration, motivation, and excitement to start your Vision Board and stay focused on your goals.

**We are all in this together. Contact Leslie to start a conversation about your next event.**
